### PONDERING THE MULTIVERSE »

It's a legit science. Or philosophy. I can't get too excited. No pics.

At CVHS though, we often venture *"where no man has gone before."* You know the case - enter. the alien. beast.... KHAAAAAN! (Human or non-human, you be the judge.) So, here are some ways you can help us *"keep our phasers on stun"* and deal with unmet clinical needs to, well, *"Beam us up, Scotty!"*

- **Equine Medicine - "Hailing on all frequencies!"**
  - Ultrasound - \$50K - \$75K
- **Small Animal Surgery - "Make it so!"**
  - OR lights for minor surgery area - \$15K ea. (need 2)
  - C-arm unit - \$128K minimum - a must have
- **Small Animal Medicine Group - "Live long and prosper."**
  - New ultrasound \$50-\$70K
- **Anesthesia - "Resistance is futile."**
  - Multi-parameter monitors \$9K ea. (need 4)
  - Syringe pumps \$2k ea. (need 10)
- **Radiology - "Nuclear wessels."**
  - Ultrasound room renovation - \$50k

These are the voyages of the **Starship CVHS**. **Hailing channels are open.**
