

CENTER FOR VETERINARY HEALTH SCIENCES **Net Vet Weekly**

Another First for OSU Veterinarians

OSU veterinarians recently broke new ground in the field of veterinary medicine, again, by being the first to operate on a sheep to correct a congenital heart problem. Food animal, cardiology, and small animal surgery faculty and staff collaborated to help Yoda, a 15-month-old therapy sheep.

While they were unable to close the defect with a non-invasive surgical approach, find out what worked in [Yoda: with You, the Force Is](#) and watch for an update story coming soon.

Looking for Graduate Students and Postdocs

The Center for Veterinary Health Sciences is seeking graduate students and postdoctoral fellows who want to explore careers in teaching, research, or other aspects of veterinary medicine.

For more information, visit [new opportunities](#).

House Officer Seminar

Paige Mackey, DVM, will present "Feline Bronchial Disease" on Thursday, Jan. 19, at 8 a.m. in Room 104 at the Veterinary Medical Hospital. Mackey (OSU CVHS '13) is a small animal internal medicine resident mentored by **Dr. Laura Nafe**.

OVMA Convention

Attending the 102nd OVMA Convention on Jan. 26-28? Be sure to visit the **CVHS Booth # 75** and participate in the **SCAVMA Silent Auction**.

The conference is being held at Embassy Suites in Norman. The SCAVMA Silent Auction will be held from 10 a.m. to 1 p.m. in the Exhibit Hall on Friday, Jan. 27. All proceeds benefit veterinary student scholarships. Bid on spa packages, handmade items and more!
