

Kudos to Large Animal Teams

Our equine surgeons successfully performed surgery on a top saddle bronc in 2014 and two top bucking bulls in 2015. Post-op our food animal service cared for the bulls. All three rodeo stars are still competing strong in 2018. Nice job CVHS team!

Donor Will Match Your Gift

An anonymous donor has agreed to match up to \$10,000 toward the purchase of a new ultrasound unit to enhance the learning experience of veterinary students in the area of breeding management and reproduction issues in horses.

The unit will cost approximately \$26,750 and will also allow real-time remote access by other veterinary specialists, aiding in the treatment of difficult cases and collaboration on research projects. Read more at [Donor Match Will Help Horses](#).
