Minimally Invasive Procedures on the Rise

A group of clinicians have gone the extra mile to learn how to perform some minimally invasive procedures--a win-win-win for all involved. Learn more at [less pain and less healing time](#).

Dr. Rebekah Hartfield

Dr. Rebekah Hartfield ('16) is doing her part to encourage more young people to grow up and become large animal veterinarians. She is also giving back to her alma mater by creating a scholarship for future veterinary students. Learn more at [Dr. Hartfield: Veterinarian and Author](#).

Halloween Pet Safety

Here are some tips to help everyone have a safe and enjoyable Halloween--including pets. Read more at [Make Halloween Safer for Pets](#).

Oklahoma Center for Respiratory and Infectious Diseases Seminar

Jun Wang, PhD, will present "Discovery of broad-spectrum influenza antivirals by targeting viral proteins and host factors" on Wednesday, Nov. 1, at 12:15 p.m. in Room 259 McElroy Hall. Wang is an assistant professor in the Department of Pharmacology and Toxicology at the University of Arizona.

House Officer Seminar

Amanda Plunkett, MS, DVM, will present "Performance-Related Fractures in Bucking Bulls" on Thursday, Nov. 2, at 8 a.m. in Room 104 at the Veterinary Medical Hospital. Plunkett is an equine surgery resident mentored by **Dr. Mike Schoonover**.

Fall Back

Remember to move your clocks back one hour this coming weekend. Daylight Saving Time ends on Sunday, Nov. 5.
