

CENTER FOR VETERINARY HEALTH SCIENCES Net Vet Weekly

Congratulations, Dr. Heise!

Congratulations to **Dr. Sybil Heise** ('71) on being named one of the 2015 Distinguished Alumni at the CVHS. Her veterinary medicine career will be celebrated at a luncheon on Nov. 20, 2015 [read more](#).

Gaylord Center for Excellence in Equine Health

The Gaylord Center for Excellence in Equine Health offers treatment options for horses from every discipline. From dynamic endoscopy to evaluate performance horses' airways while working to shockwave and low level laser therapy for improving the healing of injured athletes, the Performance Suite offers a variety of state of the art modalities for keeping horses in peak performance. The Gaylord Equine Neonatal Wing offers mare and foal stalls that allow neonatal critical care while maintaining utmost comfort for the mare and nurturing the mare foal bond. The Center is staffed with a team of board certified equine specialists trained specifically to serve each individual horse's needs. For additional details on this new addition [read more](#).

Museum on Wheels

The Museum on Wheels - a Class of 1970 gift of a restored 1953 Chevrolet truck - is now ready for internal and external collegiate and community events. This veterinary ambulatory unit is complete with veterinary instruments on display, which were contributed by CVHS alumni.

To reserve the Museum on Wheels for an event, contact **Sharon Worrell**, alumni affairs specialist, at (405) 744-5630 or sworrel@okstate.edu. University policies and accountability processes apply.

Reminder: Science Cafe Tuesday Evening

The Science Cafe will feature the film "Nature vs. Nature: The Animal Victims of the May 2013 Oklahoma Tornadoes" on Tuesday, Sept. 15, at 6:30 p.m. in the Peggy V. Helmerich Browsing Room on the 2nd floor of the OSU Library.

The film includes some of the animals treated at OSU's Veterinary Medical Hospital as well as the many faculty, staff, students and alumni who helped in the recovery efforts. A panel question/answer period will be held immediately following the showing including **Dr. Jean Sander**, **Dr. Todd Holbrook** and **Jill Murray**, RVT, RLATG, VTS [read more](#).

House Officer Seminar

Dr. Katie Hornberger will present "Reproductive Disorders in the Spayed Bitch" on Thursday, Sept. 17, at 8 a.m. in Room 104 at the Veterinary Medical Hospital. Hornberger is a Theriogenology resident mentored by **Dr. Candace Lyman**.

Veterinary Biomedical Sciences Seminar

Bo Zai will present "Placental Growth Factor Regulation and Chronic Obstructive Pulmonary Disease" on Thursday, Sept. 17, at 4 p.m. in Room 259 McElroy Hall. Zai is a PhD student and a graduate teaching associate in the Department of Physiological Sciences. She is mentored by **Dr. Pamela Lloyd**.
