REQUIREMENTS

STUDENTS IN THE EAP ARE PROVISIONALLY ACCEPTED TO THE COLLEGE OF VETERINARY MEDICINE. TO STAY ACTIVE IN THE PROGRAM STUDENTS MUST COMPLETE THE FOLLOWING REQUIREMENTS.

PROGRAM ELIGIBILITY

- Applicable to all incoming, true freshmen (graduated from high school in May of application year).
- Must have achieved an ACT score of at least 28 (SAT 1300 without writing portion).
- Must be an undergraduate student enrolled at a 4-year comprehensive university in the state of Oklahoma, regardless of residency status.
- Demonstrate strong interest in veterinary medicine, effective leadership and communication skills, and other non-technical skills which reflect knowledge and aptitudes necessary for successful practice of veterinary medicine and/or the potential for developing these attributes.

- All pre-veterinary required courses, as well as the undergraduate degree, must be completed successfully in 8 consecutive semesters (or less).
- Must maintain a full-time status and a current GPA of at least 3.5 each semester of undergraduate study.
- Summer coursework taken while in college must be pre-approved by the CVM Student Services Office.
- One veterinary related activity is required of each Early Admission student per semester. These activities will be logged and submitted before acceptance is complete.
- Complete a summer internship at a veterinary clinic of their choice and receive a positive evaluation letter from the supervising veterinarian before matriculation.

Students pursuing careers in the health sciences often make their career decision prior to undergraduate enrollment. The goal of our Early Admission Program is to aid students with strong academic ability that are interested in veterinary medicine and guide them in their pursuit of a veterinary medical career.
