WHERE THE LOVE IS »

Alumni are volunteers, partners, Ambassadors, advocates and donors.

You are mentors to students and lifelong learners. You are everywhere on the spectrum of serving the diverse veterinary profession. You embody the values, knowledge and passion of your Alma mater and a commitment to serve well.

Your alumni affairs office seeks to "cultivate a vital CVHS alumni constituency focused on alumni engagement." We accomplish this objective through faculty, student groups, industry providers and the support of individuals whose values align with the leadership of the college.

How will you enrich the lives of graduates today? Will you connect our newest alumni to the visions we share for success? Let's take a look at a few ways love can be shared...
