At the Legislature

Pictured above (left to right) are: Drs. Andrew Hanzlicek, Chris Ross and Carlos Risco.

The purpose of the meeting was to share information about the importance of veterinary medicine in protecting and promoting human, animal and environmental health.

Herd Health Conference

Robert Streeter, DVM, MS, DACVIM, recently presented several topics at the James Bailey Herd Health Conference held at South Dakota State University:

- Pain Control in Food Animals: Why, When, and How
- Analgesics and Sedatives: Characteristics and Cautions
- Sedation and Anesthesia Protocols for Ruminants Big and Small

Oklahoma Center for Respiratory and Infectious Diseases Seminar

Biao He, PhD, will present "Parainfluenza Virus 5 Vectored Vaccine Development" on Wednesday, March 21, at 12:15 p.m. in Room 259 McElroy Hall. He is a professor and GRA distinguished investigator and holds the Fred C. Davison Distinguished University Chair in Veterinary Medicine in the Department of Infectious Diseases at the University of Georgia College of Veterinary Medicine.

House Officer Seminar

Adam Moore, DVM, will present "A Review of Neural Immunity and Important Infectious Agents" on Thursday, March 22, at 8 a.m. in Room 104 at the Veterinary Medical Hospital. Moore is a small animal internal medicine resident mentored by Dr. Shane Lyon.

Exotic Companion Mammal Symposium

Oxbow Animal Health and the Center for Veterinary Health Sciences will host "An Exotic Companion Mammal Symposium" on Sunday, March 25, from 8 a.m. to 5:30 p.m. in McElroy Hall. Presentation topics include gastrointestinal function and nutrition, urinary tract disease, emergency and critical care, neutering and more.

Guest speakers are:

- Jorg Mayer, DVM, DABVP-ECM, ACZM/ECZM-ECM, associate professor of Zoological Medicine at the University of Georgia College of Veterinary Medicine
- Micah Kohles, DVM, MPA, director of Veterinary Science and Outreach at Oxbow Animal Health in Omaha, Neb.
- Joao Brandao, LMV, MS, assistant professor of Zoological Medicine at Oklahoma State University Center for Veterinary Health Sciences
Local and Regional Anesthetic Techniques
Part 1: Epidurals and Reproductive Blocks
Part 2: Local and Regional Anesthetic of the Head, Limbs, and Parts In Between
Fracture Management in Food Animals

Dr. Streeter is a clinical associate professor of food animal medicine and surgery in the Department of Veterinary Clinical Sciences. For more information, see Bovine Veterinarian.

New Diplomates

Congratulations to Drs. Brandy Cichocki and Johnattan Arango on recently becoming Diplomates of the American College of Veterinary Surgeons! Both Cichocki and Arango completed their residency in small animal surgery under the mentorship of Dr. Danielle Dugat.
