

EARLY ADMISSION PROGRAM

The Center for Veterinary Health Sciences is pleased to offer an Early Admission Program. It offers an opportunity for students with superior academic performance to commit to their veterinary medical career goals early in the educational process. Students accepted to the program agree to complete their bachelor's degree with the pre-veterinary required courses and maintain a GPA of 3.5 each semester of their undergraduate education.

Eligibility

Applicants must be enrolled full time, in a 4-year comprehensive university in the state of Oklahoma, regardless of residency status and receive a minimum of 28 on the ACT.

Applicants must be able to demonstrate strong interest in veterinary medicine, effective leadership and communication skills, maturity, and other non-technical skills which reflect knowledge and aptitude necessary for successful practice of veterinary medicine. Qualified applicants will participate in interviews as part of the selection process.

2017 applicants apply as college freshmen (students who were high school seniors and graduated high school in May of 2017 should apply for the Early Admission Program Fall of 2017).

Application Guidelines

Applications must be typed or printed legibly. Please return in one envelope the completed application, ACT/SAT scores, high school transcript, official college transcript showing any concurrent courses, recommendation letters (2), and the \$50.00 application fee (money order or check referencing Early Admission in the memo line and made out to OSU-CVHS) to the address listed below:

Oklahoma State University
Center for Veterinary Health Sciences
Student Services Office - Re: Early Admission
112 McElroy Hall
Stillwater, OK 74078-2003.

Applications and application materials must be received by **September 11, 2017**. For more information or questions, contact Anna Teague, Student Services: anna.teague@okstate.edu

In the following section, explain why you want to be a part of the Early Admission Program. Include what you've done to prepare yourself to enter the veterinary medical profession (animal experiences, volunteering, clinical work, etc).

Answer

A large, empty rectangular box with a thin black border, intended for the student to write their answer to the question above. The box occupies most of the page's vertical space.
