

CENTER FOR VETERINARY HEALTH SCIENCES Friday Bit for Alumni and Friends

GROUNDHOG: Rodent, not Meteorologist »

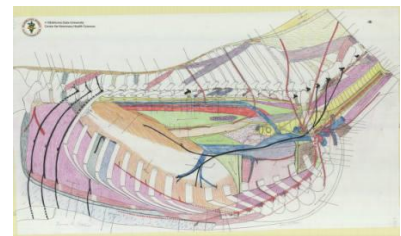

But, if you're still confused there's this. The National Wildlife Rehabilitators Association (NWRA) announces **CE Approved for Oklahoma Veterinarians and Veterinary Technicians, March 8-12, 2016 in Norman.** NWRA is pleased to announce 44 hours of approved continuing education for Oklahoma licensed veterinarians and veterinary technicians available at the symposium. All presentations, lectures and didactic workshops instructed by veterinarians are accepted. NWRA provides an attendance form listing presentations. Each attendee is responsible for session moderator CE verification and for returning the certifying document to NWRA Registration **during** the symposium. Following NWRA attendance verification, the forms are submitted to the OK Board of Veterinary Medicine. Veterinarians and RVT's outside of Oklahoma will submit to their respective state board for credit. For additional information, registration, locations, schedule and program agenda, visit <http://www.nrawildlife.org/> (select Symposium 2016.) To contact the NWRA office in Minnesota, ring 320-230-9920.

CVHS BRANDED APPAREL SALES »

This week, the alumni office distributed an email opportunity to purchase CVHS branded merchandise from SCAVMA clubs. Funds from the purchase of SCAVMA merchandise support wet labs, invitations to educational speakers and veterinary student conference attendance. Sales opportunities will email quarterly to all alumni with specific ordering instructions and graphic designs. CVHS branded apparel is unavailable elsewhere. If you missed the email, simply reply to the Friday Bit and request it. For specific questions regarding merchandise contact sarah.marie.myers@okstate.edu **Deadline for initial orders is February 15.**

PRESERVING CVHS MONUMENTS »

Many of you remember Dr. Duane R. Peterson, the architect of the hand-illustrated anatomical charts. These amazing charts have been preserved digitally in OSU Library Special Collections and of course, are considered CVHS monuments. To view these visually stunning charts visit <http://dc.library.okstate.edu/cdm/search/collection/Peterson/order/date/ad/asc>

86 AND HOLDING »

Roger J. Panciera is at PARCway Post Acute Recovery Center, 6312 N. Portland Ave., Oklahoma City, OK 73112, Room 202 (aye, this is a room change). PARCway is a 90-day rehab therapy center. You may now send mail directly to the PARCway address. When you visit, please encourage him to escort you to the auxiliary rooms available for visitation. Use of the wheelchair or walker advances the goal of independent mobilization, so please, encourage his use of these facilities, particularly the walker. Be insistent. (Not for the faint-of-heart), but here's your chance at retaliation for prior reprobation. Don't hold back at all. Like, at all. Ring him at 405-385-2902. So. Much. Fun.

THE ORANGE PLAINS »

Western Veterinary Conference is **March 6-10, at Mandalay Bay, Las Vegas.** All registered attendees will receive a card reminder of the CVHS Alumni Reception in a Mandalay Bay suite, **Monday, March 7, 6:30 - 9:30 p.m.** Exact location of the room is emailed upon check-in so monitor your devices for the notification. In the event of cyber fail, please call/text 405-612-5359 (that's me) for directions.

PARTY IN THE HOOSE »

It's CVHS Open House, **April 2, 9:00 a.m. - 4:00 p.m.** at the veterinary campus. Opportunities abound for alumni and the public. A silent auction raises funds for the Avian, Exotic & Zoo Medicine clinical care service at the Veterinary Medical Hospital.

The truth about Fridays ♥ Even better than Fridays, CVHS alumni from all over the world make my job ridiculously amazing and interesting. Special thanks this Friday extend to Dr. Harry E. Traylor ('85) for accepting the challenge to serve as the inaugural CVHS Alumni Ambassador.

And, have you seen this wee bit of orange over here?

GIVE and **BE** change.
